THE CONNECTICUT TRAGEDY.

Inquest on the Johnson Family, the Victims of Tuesday's Tragedy.

Holt, of Bridgeport, began an inquest at the Selectmen's office here this morning in regard to the victims of the murders in the Johnson family yesterday. Rev. J. G. Johnson, a Congregational minister, of Rutland, Vt., an uncle of Barclay Johnson, the young man who shot his mother and sister and then killed himself, testified that there was no hereditary insanity in the family. For the last six weeks the young man has appeared somewhat peculiar. The witness could not account for insanity on the part of his nephew, except by his excessive devotion to his office duties which caused him to write and work at night and caused a strain on his mind. The withess produced a letter writ-ten in pencil upon note paper, which was found in a pocket of Barclay Johnson after his death. Parts of the letter were read as

"GREENWICH, Conn., 21st April. "If I succeed in accomplishing what I, think must be done, a word or two of explanation will be probably received with interest. I think I am saving my mother and sister from an unhappy fate. If there is a just and generous God these two will go to the happiness | The groom is the only son of George Spilker, which they deserve. If there is no God then of the Citizens' National Bank, and has for they will simply find their rest." At the close of the letter young Johnson wrote: "I am contcious of the enormity of what I have done and intend to do, but at the same time I have a suspicion that I have become in-sane. Why did not some one recognize my weakness, my great need of help and help me while there was time? But to be fair, I suppose I should say, 'Why did I not help myself?" " The intermediate parts of the letter were filled with expressions of the writer's tender affection toward his father, mother and sister, and mingled with self accusation of all sorts of faults which his friends say existed only in his imagination. The letter was written in a firm and very legible hand.

Items From Union City. Special to the Sentinel.

Union City, April 22.-The fire that partially destroyed Mrs. Hattie Knecht's dwelling yesterday morning is generally supposed to be incendiary. The house having been wacant for a few days a key was found in one of the rear doors and a strong odor of coal oil was prevalent on the premises. Her alleged lisson with Dr. Fannestock last summer created quite a commotion in our city, during which a large number of our citizens were called into the Randolph Circuit Court to testify in divers prosecutions charging adultery, prostitution, ill-fame etc., all of which resulted in much social scandal, bad blood and a separation of Dr. Fannestock from his family. The fire and destruction of the house were evidently intended to prevent Mrs. K. from again becoming a resident on account of her bad odor socially.

Continued failing health on the part of John W. Staats, proprietor of the Branham House, has resulted in its being leased. Mr. Wm. Turpen, of Greenville, Ohio, took possession on last Monday morning.

John R. Manzy, who has been gradually sinking for the last six months with consumption, breathed his last to day. Our John Butcher here, formerly with the Hall Safe and Lock Company. of Cincinnati, Ohio, is here alive and well, and is in no manner connected with the mystery and sup-

posed murder near Richmond, Ind. The Express, our new Democratic paper on the Ohio side, is out with the second num-ber, and the present indications are that the sditor, Mr. Roland, will make it succeed.

Heavy Fallure in Cincinnati,

CINCINNATI, April 22,-The Louis Cook Manufacturing Company, one of the largest manufacturers of carriages and buggies in the West, assigned to day to Thomas J. Stephens. The liabilities are estimated at \$200,-000, and assets at about the same. Preferences amounting to \$92,000 were given before the assignment was made.

Thomas A. Logan, attorney for the company, says that the assets will reach \$297,000 at their face value, and tire liabilities in round numbers are \$200,000. The cause of the failure, he says, is the failure of country customers to pay up promptly, and the action of certain creditors, who brought suit in attachment this morning, alleging that the company was about to make an assignment. The preferences were as follows: T. A. Logan, Cincinnati, \$6 000; Blanchard Bros. & Lane, Newark, N. J., \$24,500; Davis W. Shuller & Co., Amsterdam, N. Y., \$12,000; William Young, Cincinnati, \$3,000; Cincinnati Spring Company, \$4,500; Wood, Smith & Co., Fort Plains, N. Particulars of the Death of Barrios San Francisco, April 22,-The Bulletin will publish this afternoon the following particulars of the death of the late President Barrios, of Guatemala, obtained from S. B. Parnett, the Gustemalian Consul of this city, who returned here this morning on the steamer Grenada, from Guatemala: The engagement in which Barrios was killed was i between one battalion of the Guatemalian | wips out the only remaining vestige of the troops and a much larger body of San Salva- | war. Mr. Horn did not consult Mr. Davis | dorians. At 9 a. m. Barrios gave the order to attack, but at 10 o'clock no advance movement had been made, as the troops were under the command of an unpopular Colonel and refused to obey him. Barrios was in his tent with two of his officers when this information was brought to him. On the refusal of both these officers to assume command, he left the tent, and it was while he was proceeding to the front of the column that he was shot by a sharpshooter from a tree. The bullet entered his right shoulder. passed through his heart and out through the left side. Meanwhile the battle had commenced, and in a short time both sides withdrew from the battlefield, but not until a determined and successful effort had been made to recover the body of Barrios. Mrs. Barrios. wife of the late President of Guatemals, and seven children, were among the passengers on the steamer Grenada, which has just arrived from Panama. Her son, Antonio Barrics, arrived yesterday from the East,

The Spanish Treaty.

HAVANA, April 16 -The Diario D'La Merina, in a leading article on the 11th inst., says: "The treaty between Spain and the United States was negotiated with a view to immediate ratification. It failed of ratification by the United States on the 4th of March, and now we hear that Mr. Foster will return to Madrid to open new negotiations. Believing that we express the general feeling, we counsel the Government not only to make no further concessions, but to with-

draw those already granted." A great meeting of workingman's union was held at the Casino Espanal on Sanday last. The speeches generally declared that the treaty between Spain and the United States, with the various amendments to it allowed by Spain, would not prove beneficial to Cuba. A committee was appointed to ask the co operation of the Governor General in a protest against the insertion of any amendment in the treaty to be negotiated

by Senor Albocta and Mr. Foster. The order for the official examination of all lard imported from the United States has been revoked, in accordance with the suggestion of the Board of Health.

While on a visit to this city several years ago she made the acquaintance of her husband. She was married some time afterward, but as quickly regretted the sleps. The troubles of her wedded life began almost at once and ended only by her abandonment of home and husband six months after she was united to him.
